

CORONAVIRUS GOVERNMENT SUPPORT FOR BUSINESS

June 2020

Once the onset of the Coronavirus crisis the UK government has introduced several packages of support to help businesses. From support to pay your employees, staff and yourself, to grants and loans plus tax deferral schemes.

This document summarises the key support available to businesses of all sizes - SMEs, the self-employed and also larger businesses.

The government has also developed a helpful online tool for businesses to find out exactly what support is available to them and to then apply for the support they need. You can access this helpful tool here:
