 **DAINS**evolve

[www.dains.com/evolve](http://www.dains.com/evolve)

We believe the definition of success for a business is being ambitious, profitable and efficient.

By understanding your vision, identifying opportunities and mitigating risk, we become a positive energy that inspires your business to achieve its goals.

We want  
you to win.  
Your success  
drives us.

Are you ready?

**DAINSevolve** will give you the knowledge of yesterday and the insights needed to truly understand today to help you to shape your future.

Our services are carefully tailored to your business and delivered by our team of experts using the latest technologies to help your business thrive.

Learn from  
**Yesterday**,  
understand  
**Today**  
and shape  
**Tomorrow.**

# Winning Businesses do Evolve

## They know:

- > How their business is performing today
- > What their future cashflow needs are
- > Which customers are profitable and pay on time
- > What they do well and how they make a profit
- > How to identify and assess opportunities and optimise business performance
- > How to identify risks early and mitigate the effects
- > How to thrive...(not just survive)!

# What's stopping you?

- > **Take control** - Knowing and understanding your cashflow enables you to not just react, but plan for the future
- > **Have an existing accountant** - No problem we can work alongside your current accountant to give you the extra services you need to make your business brilliant
- > **Knowledge of the cloud** - The cloud gives you access to real time data in the palm of your hand and often when you need it most. We always look to recommend a solution that fits your business needs, not ours!
- > **Safety** - The cloud uses encryption to secure all data and is considered to be safer than traditional accounting software
- > **Be Ambitious** - Take the cloud to the next level and see those next generation reports that will drive your business and see you exceed your goals

# From The Heart

## The Core

Compliance, Intelligence & Development - solid advice on your financial performance, insights into profit improvement and forecasting, together with the tools to help you grow and develop.

## The Tech

With access to the DAINSevolve platform, you choose your preferred software and we help you make it work for you and your business.

## The Experts

We are specialists in working with businesses like yours. We will help you to make more money, save tax, manage cashflow and grow your business.

#itsarevolution

# Compliance

The **DAINSevolve** team will help you take care of your compliance needs, meeting all statutory reporting and regulatory requirements.

No one starts a business to deal with compliance, so we deal with it - on time and efficiently.

## Core Compliance

## Start-up Compliance

Compliance  
as standard -  
Knowledge of  
Yesterday

The **DAINS**evolve team will work with you to build your financial reporting systems to ensure you never lose sight of how your business is performing today and help you plan for the future.

The cloud-based ecosystem allows businesses to benefit from AI and gives the power of insights and business intelligence which helps grow your business.

# The Tech

The key to making great decisions is to truly understand your business' financial position and performance today. Using the knowledge and the insights generated it allows you to look ahead and plan your route to success.

The cloud-based ecosystem allows businesses to benefit from AI and automation to streamline processes and generate efficiencies; integrate and harmonise systems across the business and use innovative next generation reporting to gain valuable insights into your business. Turn your data and reporting insights into actionable measures that you can use to improve your business in a meaningful way and achieve your aspirations.

Automate,  
Integrate &  
Innovate
